Declaration of Washability

We, RECOM Power GmbH, Münzfeld 35, 4810 Gmunden, Austria, declare in our capacity as manufacturer that the following products:

All DC/DC and AC/DC Converters (potted and open-frame versions)

can be washed with all standard washing liquids suitable for electronic components including aqueous, semi-aqueous and solvent-based agents (e.g. alcohol based). The parts may also be ultrasonically cleaned.

After washing, any remaining washing agent should be evaporated off using a drying oven set to the temperature recommended by the manufacturer, but lower than 100°C in case any trapped moisture turns to steam.

Issue Date, Place

13-Dec-2016, Gmunden
